COMPUTER PROFESSIONALS
(REGISTRATION COUNCIL OF NIGERIA)
(ESTABLISHED BY ACT. NO. 49 OF 1993)

**MEMBERSHIP
REGISTER**

**DECEMBER
2018**

1. INTRODUCTION

The Computer professionals registration Council of Nigeria (CPN) was established by Decree no. 49 of 1993, promulgated on June 10, and gazetted on August 9, of that year.

2. FUNCTIONS AND DUTIES OF THE COUNCIL

The Computer Professionals Registration Council of Nigeria (CPN) is a corporate body with perpetual succession and common seal', a legal entity charged with the control and supervision of the Computing Profession in the country. In this regards, the functions and duties include;

2:1 To determine what standards of knowledge and skills are to be attained by persons seeking to become members of the computing profession and improve those standards from time to time as circumstances may permit.

2:2 To secure, in accordance, with the provision of the Decree, the establishment and maintenance of a register of persons seeking to be registered under the Decree to practice the computing profession, and the publication from time to time, of the list of these persons.

2:3 To perform any other functions bestowed on it by the provisions of the decree, Consequent upon the foregoing, the council has responsibilities for the following, among others;

- Regulating computing practice in the country.
- Control of the practice of computing in the country.
- Supervision of the practice of computing in the country.
- Screening individuals seeking to be registered as computer professionals.
- Screening corporate bodies seeking to be registered to engage in the sale, use of computing facilities and/or the provision of professional services in computing in the country.
- Ensuring high computing Professional ethics and professional standards, discipline etc.
- Connecting local and international contacts (with relevant associations and bodies)
- Reduced charges for some specific professional services and facilities.
- Determining academic standards in computing, computer science, computer engineering, information sciences, etc.
- Accreditation of courses and programmes and the evaluation of certificates in computing.
- Conduct professional examinations in computing
- Publicize the register of Computer Professionals and other works of computing professionals, journals, books, magazines, newsletters, etc.

3. REGISTRATION

The Act 49 of 1993 referred to above makes it mandatory for all persons and organization seeking to engage, or engaged in the sale and/or use of computing facilities, and/or provision of professional services in computing in the country to be registered by the council and licensed to carry out such activities.

It is definitely illegal to be engage in computing professional practice without satisfying the above condition of registration and possession of a current valid license.

Persons and corporate bodies that are registered and hold current valid license, apart from being eligible to carry out their business, stand to enjoy benefits. These include but not limited to:

- Raised professional standing/status (recognition as a registered computing practitioner)
- Protection from the public (from exploitation, harassment, etc. in the course of performing bonafide, legitimate professional activities)
- Right to use the Council's insignia (e.g individualized seal, crest/plaque, ties, clips, brochures etc).
- Reduced rates for computing professional books, publications, and events.
- Access to and attendance at professional programmes (conferences, seminar, symposia, workshop, continuing professional education, trainings, etc.)
- Enjoy reciprocal registration with foreign computer professional bodies.

3:1 CATEGORIES OF REGISTRATION

Registration is in the following grades.

3.1.1 PROFESSIONAL CATEGORIES

- * Member
- * Associate Member
- * Affiliate (Graduate)

3.1.2 SUB-PROFESSIONAL CATEGORY

- * Affiliate
- * Student

3.1.3 OTHERS

- * Honourary Member
- * Corporate
- * Licentiate

The Honourary Member grade is not open to be applied for, but conferred on persons who are not Computer Professionals, but who in the opinion of Council, are deserving of being so honoured for outstanding contributions/services to the cause of computing.

3:2 PROCEDURES FOR REGISTRATION

- Applicant purchases the registration application form
- The duly completed application form (together with All relerevant supporting documents) is (are) submitted to the Secretariat.
- On receipt of the application form, the secretariat dispatches an acknowledged letter to the applicant.
- Appropriate processing of the form then commences.
- Applicant is thereafter informed of the outcome of the application.
- If application is successful, applicant is requested to pay a once-for-all registration fee and the license fee for the current year, to have the applicant's name inserted in the register and for the applicant to commence professional activities.
- On payment of the stipulated fees, the applicant is issued a registration number, the current year's license, and an individual seal.

- Every registered Computer Professional and Corporate body is required thereafter to pay, annually, a license fee(to renew the practitioner's license) to enable the computing professional and/or corporate or body to practice for the year.

4.0 LICENSING OF MEMBERS

In accordance to the provision of the Act 49 and the review of 2016 Register of Members, the following are highlighted:

1. Interpretations of the meaning of "Licensed and Unlicensed Members".
2. Criteria for listing in the Licensed members category
3. Listing of Deceased Members of the profession
4. Date/year coverage for the Register of Members.
5. Automatic Listing in the Register for all Seventy(70) years old and above members of the profession

Item 1: The clause "Licensed and Unlicensed" is used to differentiate all registered members of the profession in the publication.

Item 2: The criteria for Licensed and Unlicensed membership as stated in the provision of the Act are as follows:

- a. Member must be financially up-to-date.
- b. Member must attend IT Assembly
- c. Member must attend MCPD

The condition permits item a. and any of items b or c

Item 3: Deceased members of the profession are listed on the Register of Members because their registration numbers cannot be reallocated.

Item 4: The Register of Members as at December 2018.

Chartered Members are advised to use the prefix "C.itp (Chartered Information Technology Practitioner) before their names and "MCPN" (Member Computer Professionals(Registration Council of Nigeria) as suffix.
